

MRS

Zveme Vás na on-line přednášku v rámci **Bloku expertů**

Can we do something to change the world to make it a place that we love to live in... instead of complaining all the time about it?

Kdy: středa **4. listopadu 2020** od 15.00 do 16.30

Host: **Nanjunda Palecanda Pratap**
Bangalore, India

I have been an Entrepreneur across Internet (Media) / E-Com, Retail tech, Analytics, HR and HealthTech. I have had early success of Positive Exits and a few big falls. I have raised funding for myself and have been instrumental in getting funding for Ventures I have collaborated with. Currently I have invested in Media and Entertainment StartUp, Block Chain Technologies venture, F&B in social impact, Vernacular Media and a Fashion Venture with Social impact. I continue to engage with Entrepreneurs across various Products and Services space in multiple capacities, as Mentor, Collaborator, Coach, Advisor and Consultant.

I have been actively involved in Sustainable Solutions through Non-Profit initiatives in SlowPoison (earlier) and Waste Impact (Currently). At Waste Impact, am associated in the capacity of a Trustee and we are incubating 4 start-ups in the waste sector catering to different domains. This year,

we currently have 14 venture ideas in collaboration with NSRCEL of IIMB, off which we may have a few start-ups leading to Incubation at NSRCEL in the Bio Medical waste space.

I have been very actively involved in Organising Hackathons (with IISC) to develop new Technology Solutions in the Medical device space, which are further lead towards becoming sustainable Ventures.

I am a Science Graduate from Bangalore University in India, and an alumni of Indian Institute of Management Bangalore.

Akce proběhne jako on-line videokonference v Zoom. Studenti zapsaní do kurzu Blok expertů obdrží odkaz do svých univerzitních mailových schránek. Případní ostatní zájemci si o něj mohou požádat na adrese lenka.duskova@upol.cz.
